

# Amplifiers for Accordions

Made in Italy

First time in the USA!

Music Magic introduces SR Technologies' JAM Series – The World's Highest Powered/Compact Sized Accordion & Keyboard Amps – with enough biamped power and mixing capability for a 4 piece band!

**Ch 3** – Hi sensitivity – excellent for accordions w/ low gain mics = more volume from every watt.

Portability

**Ch 1+2** – Both with 1/4" and XLR jacks w/individual 3-band EQ.

Lightweight

**Ch 1-4** – 4 inputs with 3-band EQ

SR Technology amplified speakers and subwoofers are available in 3 finishes: 1)cloth, 2)black paint 3)wood laquered

## Top mounted Easy-Reach panel

**Ch 4** – Lo sensitivity – for high gain inputs = reduced distortion. Used w/Ch3 – changes both to equivalent line level inputs.

**Ch 5+6** – RCA jack inputs w/2-band EQ for connecting CD's, etc.  
**Rec Out L, R** – For directly recording your mixed performance.

External Effects Send & Return

Bi-amplified Power

Alesis multi-effect system – with digital delay/echo and reverbs, 3 individual + master effects levels.

Superior Sound Quality

Imported Exclusively from Italy by Music Magic USA
